

ILLUSIONS OF ADULTING

by Sara Zimmerman

That's It!
We're eloping!

Wait... what?

Grab your stuff.
We're leaving in 15 minutes!

ILLUSION:

Eloping is JUST as
wonderful and
memorable as a
traditional wedding.

REALITY:

The rings, please.
Thank you...thank you very much.

Hailey... wait...

...is this
REALLY what
you want?

It's just that you always talked about how you wanted your wedding to be something completely different than this...

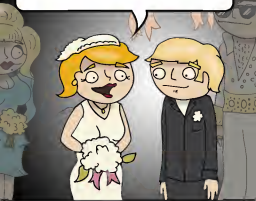

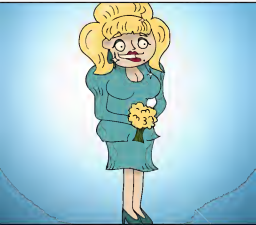

...something festive with friends and family...

...and
MEMORABLE.

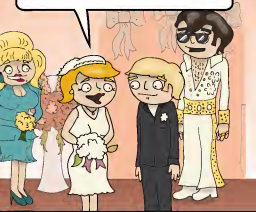

Well, this WILL BE memorable...

But... Steve, you're totally right.

I wasn't sure, but now I know
that I really don't even care
about the flowers or the
location or even the dress...

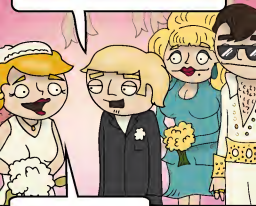

...I really just want a celebration
of our union together with all of
our friends and family.

And, as crazy as our moms
are making our wedding...

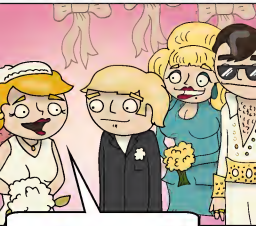

...I really DO want our
moms to be part of it.

So, are we leaving?

As much as I love
Elvis and Dolly...

...yes, we're leaving.

But, before we go back home...

...let's see if we can get
lucky at the roulette table!

TO BE CONTINUED...
